

Life After 360 Degree Feedback and ADCs

Research into actual Organisational practices following interventions like 360 Degree Feedback and Assessment Development Centers have been scattered and rudimentary. Besides Organisations in the country have rarely been provided a forum to share and exchange experiences in the area. In an attempt to share knowledge and facilitate learning, TVRLS conducted a 2 day conference on Life After 360 Degree Feedback and ADCs in 2008, and this book is the compilations of the papers presented at the conference.

Table of contents

▪ Part 1 – Research
▪ Part 2 - Models
▪ Part 3 - Experiences
