ABOUT T V RAO LEARNING SYSTEMS

“We are all born talented”

This talent however, needs to be continuously recognised, nurtured and developed. Work places are platforms for identifying, utilising and developing talent. Through appropriate systems, processes and practices, leadership talent should be brought out and put to use. It is precisely with this intention, TVRLS was founded on April 26th, 1996 by Prof. T.V.Rao. Headquartered in Ahmedabad, TVRLS expanded its operations by setting up its office at Bangalore, in October 2001.

The main focus of all that we do at TVRLS, is to facilitate talent discovery and its development, at an individual level and at the organisation level.
